DD Additional Federal Authority - This item requests an increase in Federal authority used to pay the Federal portion of match payments to DD Medicaid contract providers. For the past several years, DD has maximized their federal draw down beyond original estimates and, therefore, this increase is needed to align the appropriation with actual expenditures. This additional authority will also give DD the ability to leverage all resources such as Senate Bill 40 Board funding to the fullest extent possible.

The Department of Mental Health anticipates receiving an award for the Missouri Project LAUNCH grant. This grant's purpose is to create a coordinated system to support children, ages 0-8, to thrive in safe, supportive environments and enter school ready to learn and able to succeed. This is a five year grant (October 1, 2012 through September 30, 2017). Additional federal authority is requested in order to have the ability to expend the grant funding.

Medicaid Payment Related to State Operated ICF/MR Upper Payment Limit Claim Payments - Section 10.060

Book 1, Pg. 485

Description: This authority is needed for Medicaid payments related to state-operated Intermediate Care Facilities for the Mentally Retarded (ICF/MR) Upper Payment Limit (UPL) claim payments. Federal regulations permit a Medicaid claim based on an estimated maximum calculation using Medicare rules. The maximum amount that could be paid is called the Upper Payment Limit (UPL). This authority will allow the Department of Mental Health to capture the UPL for state-operated ICF/MR facilities.

GR to Intergovernmental Transfer Fund for State Match - Section 10.065

Book 1, Pg. 490

Description: This transfer section provides an accounting mechanism to reconcile disproportionate share payments (DSH) for CPS psychiatric hospitals, Community Psychiatric Rehabilitation (CPR), and Comprehensive Substance Abuse Treatment Rehabilitation (CSTAR) as required by Centers for Medicare and Medicaid (CMS). This is a **non-count** in the budget and serves only to confirm the state match that allows the Department to draw down Federal funds for the programs listed.

ADA - Prevention and Education Services - Section 10.105

Book 1, Pg. 526

Description: The Division of ADA contracts with a network of community and school-based providers for substance abuse prevention and intervention services. Substance abuse prevention efforts are focused on individuals, peers, families, schools, communities, and larger socio-political environment. The Division supports the substance abuse prevention-oriented community education and organization efforts of local volunteer groups through technical assistance and training. The Division also supports the implementation of evidence based prevention programming, development of the local prevention workforce, and dissemination of information statewide.

School Based: School based prevention programming, Missouri SPIRIT, supports implementation of prevention curricula of proven effectiveness at reducing alcohol and other drug use and reducing incidences of violent behavior among children in grades K-12. Age and grade appropriate curricula are taught, screening and referral services are available, and support for prevention activities throughout the school is provided. Community Based: Provide interventions with children, families, and college students; training, technical assistance, and support for coalitions and C2000 teams; prevention evaluation, research, and data analysis; public education and social marketing, and information and referral services.

DD Additional Federal Authority - This item requests an increase in Federal authority used to pay the Federal portion of match payments to DD Medicaid contract providers. For the past several years, DD has maximized their federal draw down beyond original estimates and, therefore, this increase is needed to align the appropriation with actual expenditures. This additional authority will also give DD the ability to leverage all resources such as Senate Bill 40 Board funding to the fullest extent possible.

This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising costs of drug ingredients, increase in units per prescription, cost of new, expensive medications, and utilization increases. The increase in ingredient costs is due to the inflationary increases which are incorporated into the overall pricing of prescription medications by the pharmaceutical industry as well as the addition of new, expensive agents to the marketplace. The inflation rate requested in this decision item is the projected increase for traditional drugs in calendar year 2014 as determined by Express Scripts. This item also includes funding to cover the anticipated 3% cost increase for contracted pharmacy services.

ADA - Substance Abuse Traffic Offender Program (SATOP) - Section 10.120

Book 1, Pg. 574

Description: Missouri law requires all persons arrested for alcohol and drug related traffic offenses to complete a screening of their substance use related to their driving behavior. SATOP is an alcohol and drug education and rehabilitation program designed to assist alcohol/drug related traffic offenders. Completion of the program is required if the offender's driver's license is to be reinstated. SATOP is funded by a statutory fee collected from all offenders, a portion of the Missouri tax on tobacco products, and the Federal Substance Abuse Prevention and Treatment Block Grant. Number of individuals served varies based on number of DWI arrests (FY2012 – 38,936 served; 2009 – 37,641 served).

Division of Comprehensive Psychiatric Services – Facility Support 10.205

Book 2, Pg. 16

Description: This section was created in FY11 to assist CPS facilities. It establishes a single section to administer several allocations to facilities that have historically come from Adult Community Programs, NGRI, and PRN Nursing Pool sections and establishes a mechanism to allow the allocation of Medicare earnings to the facilities to assist them in coping with over census issues. The PRN Nurse Pool section provides funding for a nurse and direct care staff funding pool across all Psychiatric Services facilities. These funds may be used to provide higher pay to a pool of nurses and direct care staff, and provide only limited fringe benefits. Funds were brought in from throughout Psychiatric facilities and from the OA fringe benefit budget. The NGRI portion of this section is used to pay the Medicare Part B premiums necessary to maintain Medicare coverage for those individuals found not guilty by reason of mental disease or defect and committed to the custody of the department.

Menzies Institute of Recovery from Addiction (MIRA), a private substance abuse treatment provider in St. Louis, has requested to lease a vacant unit at Metropolitan St. Louis Psychiatric Center (MSLPC) to provide inpatient treatment for people with severe alcohol or drug dependence. This decision item is for appropriation authority within CPS Facility Support to receive payments from MIRA in exchange for providing program support services including food, custodial services, and laundry. This appropriation authority will assure that no costs for operating this privately operated program are borne by the state.

The Department of Mental Health state operated hospitals are subject to the hospital provider tax in Missouri. An amount equal to 5.95% of the hospital's net operating revenue is assessed on each hospital delivering services in the state. The proceeds from this assessment are used to fund health care services. Historically, the assessments on state operated hospitals have exceeded the current appropriation authority. This item requests additional authority to allow DMH to earn its full disproportionate share hospital reimbursements and not lower the amount of revenue deposited into GR.

This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising costs of drug ingredients, increase in units per prescription, cost of new, expensive medications, and utilization increases. The increase in ingredient costs is due to the inflationary increases which are incorporated into the overall pricing of prescription medications by the pharmaceutical industry as well as the addition of new, expensive agents to the marketplace. The inflation rate requested in this decision item is the projected increase for traditional drugs in calendar year 2014 as determined by Express Scripts. This item also includes funding to cover the anticipated 3% cost increase for contracted pharmacy services.

CPS - Adult Community Programs - Section 10.210

Book 2, Pg. 34

Description: The Adult Community Programs provide a combination of treatment/ rehabilitation services and housing alternatives for seriously mentally ill adults. There are three main programs: Community Psychiatric Rehabilitation, Adult Community Residential Services Program, and Adult Community Supports. Some examples of services provided in the Community Psychiatric Rehabilitation program are community support, psychosocial rehabilitation, medication services, and crisis intervention & resolution. Services provided in the Adult Community Residential Services Program include a variety of housing alternatives. Adult Community Psychiatric Supports services include targeted case management, and purchase of services (family therapy, wrap around services, respite care, day treatment, partial hospitalization and integrated employment support). These services are administered by the Community Mental Health Centers (CMHC) for 25 defined areas.

DD Additional Federal Authority - This item requests an increase in Federal authority used to pay the Federal portion of match payments to DD Medicaid contract providers. For the past several years, DD has maximized their federal draw down beyond original estimates and, therefore, this increase is needed to align the appropriation with actual expenditures. This additional authority will also give DD the ability to leverage all resources such as Senate Bill 40 Board funding to the fullest extent possible.

CPS – Civil Detention Legal Fees and Payments to Counties - Section 10.215

Book 2, Pg. 68

Description: This section provides funding for reasonable attorney fees incurred by respondents of involuntary civil detention proceedings that are determined by a probate judge to be unable to pay for said fees. The section also funds an allowance to counties in which state-operated mental health facilities (at least 80 bed overnight capacity) are located, to employ staff to handle civil detention cases. The affected counties are Jackson, Buchanan, Callaway, St. Francois and the city of St. Louis. This section also provides for an assistant prosecuting attorney and for clerical or investigative support for duties relating to mental health for counties of the 2nd, 3rd, or 4th classification having a mental health facility (able to serve at least 80 inpatients on an overnight basis).

CPS - Youth Community Programs - Section 10.225

Book 2, Pg. 82

Description: Youth Community Programs provide funding for a continuum of treatment and housing services for children with severe emotional disturbances. The two types of programs are Youth Community Support and Youth Residential Services. The Youth Community Support Program provides case management, intensive targeted case management, wrap around services, day treatment, families first, extended families first. There are 25 designated service areas, and Medicaid and the standards means test are utilized to help with funding. The program targets youths that are at risk for out of home placements. The second program, Youth Residential Services, provide highly structured care and treatment to youth on a time limited basis until they are stabilized and can receive care in a less restrictive environment or at home.

DD Additional Federal Authority - This item requests an increase in Federal authority used to pay the Federal portion of match payments to DD Medicaid contract providers. For the past several years, DD has maximized their federal draw down beyond original estimates and, therefore, this increase is needed to align the appropriation with actual expenditures. This additional authority will also give DD the ability to leverage all resources such as Senate Bill 40 Board funding to the fullest extent possible.

CPS - Services for DYS and DFS Clients - Section 10.230

Book 2, Pg. 97

Description: This appropriation allows DMH to enter into inter-agency agreements to provide residential care and treatment for youth in the custody of the Department of Social Services' Children's Division (CD) and Divisions of Family Support (DFS) and Youth Services (DYS). Funding will support the care of children and includes educational services, counseling, recreation activities, therapy, medication management and discharge planning. Children's residential programs at Western MO MHC, Hawthorn Children's Psychiatric Center, and Cottonwood Residential Treatment Center will have ability to establish interagency agreements with the Children's Division and DYS to provide residential care for non-MO HealthNet eligible adolescents experiencing psychiatric symptoms.

This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising costs of drug ingredients, increase in units per prescription, cost of new, expensive medications, and utilization increases. The increase in ingredient costs is due to the inflationary increases which are incorporated into the overall pricing of prescription medications by the pharmaceutical industry as well as the addition of new, expensive agents to the marketplace. The inflation rate requested in this decision item is the projected increase for traditional drugs in calendar year 2014 as determined by Express Scripts. This item also includes funding to cover the anticipated 3% cost increase for contracted pharmacy services.

CPS - Fulton State Hospital - Section 10.300

Book 2, Pg. 140

Description: This section provides funding for the operation of the Fulton State Hospital, a psychiatric hospital accredited by the Joint Commission on Accreditation of Healthcare Organizations and Medicare. The programs provided at Fulton include long-term inpatient treatment for adult and forensic clients. The Biggs and Guhleman Forensic Centers are the only maximum and intermediate security treatment facilities serving the state of MO. Biggs also provides care and treatment for Department of Corrections inmates who require acute psychiatric treatment. This section also funds the Sex Offender Rehab and Treatment Services (SORTS) program at Fulton.

CPS – Sex Offender Rehab and Treatment Services (Fulton State Hospital/SORTS) – includes Overtime Section 10.300

Book 2, Pg. 142

Description: This section provides funding for the operation of the Fulton State Hospital – Sexual Offender Rehabilitation and Treatment Services (SORTS) Program, an expansion of the program at Southeast MO Mental Health Center – SORTS program. This program provides appropriate treatment and housing to individuals adjudicated by the courts as sexually violent predators (SVPs). The law requires that individuals committed for treatment as SVPs be kept in a secure facility and housed separately from Department of Corrections inmates and from other mental health clients.

The Sex Offender Rehabilitation and Treatment Services (SORTS) program receives an average of 17 to 20 new offenders committed annually. In FY 2013, partial year funding was appropriated to open a third 25-bed treatment unit in approximately October 2012 at Fulton State Hospital - SORTS. This item avoids a significant capital improvement project for the SORTS program. Additional funding is needed in FY 2014 to provide full year funding to staff and operate the additional 25-bed treatment unit at Fulton SORTS.

This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising costs of drug ingredients, increase in units per prescription, cost of new, expensive medications, and utilization increases. The increase in ingredient costs is due to the inflationary increases which are incorporated into the overall pricing of prescription medications by the pharmaceutical industry as well as the addition of new, expensive agents to the marketplace. The inflation rate requested in this decision item is the projected increase for traditional drugs in calendar year 2014 as determined by Express Scripts. This item also includes funding to cover the anticipated 3% cost increase for contracted pharmacy services.

This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising costs of drug ingredients, increase in units per prescription, cost of new, expensive medications, and utilization increases. The increase in ingredient costs is due to the inflationary increases which are incorporated into the overall pricing of prescription medications by the pharmaceutical industry as well as the addition of new, expensive agents to the marketplace. The inflation rate requested in this decision item is the projected increase for traditional drugs in calendar year 2014 as determined by Express Scripts. This item also includes funding to cover the anticipated 3% cost increase for contracted pharmacy services.

This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising costs of drug ingredients, increase in units per prescription, cost of new, expensive medications, and utilization increases. The increase in ingredient costs is due to the inflationary increases which are incorporated into the overall pricing of prescription medications by the pharmaceutical industry as well as the addition of new, expensive agents to the marketplace. The inflation rate requested in this decision item is the projected increase for traditional drugs in calendar year 2014 as determined by Express Scripts. This item also includes funding to cover the anticipated 3% cost increase for contracted pharmacy services.

CPS – Sex Offender Rehab and Treatment Services (SEMO/SORTS) Section 10.325

Book 2, Pg. 151

Description: This section provides funding for the Sex Offender Rehab and Treatment Services (SORTS), formerly known as Missouri Sexual Offender Treatment Center (MOSOTC) located in Farmington, Missouri. This program provides appropriate treatment and housing to individuals adjudicated by the courts as sexually violent predators (SVPs). The law requires that individuals committed for treatment as SVPs be kept in a secure facility and housed separately from Department of Corrections inmates and from other mental health clients.

This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising costs of drug ingredients, increase in units per prescription, cost of new, expensive medications, and utilization increases. The increase in ingredient costs is due to the inflationary increases which are incorporated into the overall pricing of prescription medications by the pharmaceutical industry as well as the addition of new, expensive agents to the marketplace. The inflation rate requested in this decision item is the projected increase for traditional drugs in calendar year 2014 as determined by Express Scripts. This item also includes funding to cover the anticipated 3% cost increase for contracted pharmacy services.

This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising costs of drug ingredients, increase in units per prescription, cost of new, expensive medications, and utilization increases. The increase in ingredient costs is due to the inflationary increases which are incorporated into the overall pricing of prescription medications by the pharmaceutical industry as well as the addition of new, expensive agents to the marketplace. The inflation rate requested in this decision item is the projected increase for traditional drugs in calendar year 2014 as determined by Express Scripts. This item also includes funding to cover the anticipated 3% cost increase for contracted pharmacy services.

This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising costs of drug ingredients, increase in units per prescription, cost of new, expensive medications, and utilization increases. The increase in ingredient costs is due to the inflationary increases which are incorporated into the overall pricing of prescription medications by the pharmaceutical industry as well as the addition of new, expensive agents to the marketplace. The inflation rate requested in this decision item is the projected increase for traditional drugs in calendar year 2014 as determined by Express Scripts. This item also includes funding to cover the anticipated 3% cost increase for contracted pharmacy services.

DD Additional Federal Authority - This item requests an increase in Federal authority used to pay the Federal portion of match payments to DD Medicaid contract providers. For the past several years, DD has maximized their federal draw down beyond original estimates and, therefore, this increase is needed to align the appropriation with actual expenditures. This additional authority will also give DD the ability to leverage all resources such as Senate Bill 40 Board funding to the fullest extent possible.

DD – Autism Regional Projects - Section 10.410

Book 2, Pg. 341

Description: The Division of Developmental Disabilities established the Missouri Autism Project in 1991 as a pilot in Central Missouri. Motivation for the program came from families of children who have autism and who live in rural areas and lacked access to support services. Working with the DMH, those families designed a system in which providers, chosen by an advisory committee comprised of family members of individuals who have autism, deliver support services in homes. Since 1991, similar consumer-driven autism projects have been developed throughout the state.

(FY 2009 language in BRASS for Specialized Autism Services to convey legislative intent for \$1 million of the GR funding recommended by the Governor to be used for autism services is allocated to the regional autism projects (5 sites @ \$200,000 each).)

DD – ICF/MR Provider Tax - Section 10.425

Book 2, Pg. 372

Description: The Division of DD worked with the MO HealthNet Division to implement a new Federal funding stream authorized in SB 1081. The legislation allows the state to implement a provider tax on all ICF/MRs. The legislation will allow the state to impose a 5.49% provider tax on operating revenues of both private and state operated ICF/MR facilities. The Division of DD projects the ICF/MR provider tax on state operated facilities will generate in excess of \$2.7 million in federal funding annually. This section is a transfer section from the ICF/MR Reimbursement Allowance Fund to GR. The core also allows for the transfer from the ICF/MR Reimbursement Allowance Fund to DMH Federal Funds to allow for the use of Federal funds generated by the ICF/MRs to support the Federal authority and FTEs redirected from the Regional Offices in FY2009 to Community Support Staff.

DD – ICF/MR Provider Tax (GR to ICF/MR Transfer) - Section 10.425

Book 2, Pg.

Description: The Division of DD worked with the MO HealthNet Division to implement a new Federal funding stream authorized in SB 1081. The legislation allows the state to implement a provider tax on all ICF/MRs. The legislation will allow the state to impose a 5.49% provider tax on operating revenues of both private and state operated ICF/MR facilities. The Division of DD projects the ICF/MR provider tax on state operated facilities will generate approximately \$2.7 million in federal funding annually. This item allows for the payment of GR to the ICF/MR Reimbursement Allowance Fund for the ability to draw down FFP related to the provider tax. This transfer allows for General Revenue to be reimbursed for the private ICF/MR provider tax. This is a non-count section.

DD - Sikeston Regional Center - Section 10.540

Book 2, Pg. 410

Description: This section provides funding to support the operation of the Sikeston Regional Center. The 11 regional centers located throughout the state provide an entry point to an array of community services for persons with developmental disabilities. Individuals determined eligible for services are assigned a case manager who, in partnership with the individual and his or her family, work to identify the needed services and supports.

DD - St. Louis Regional Center - Section 10.550

Book 2, Pg. 412

Description: This section provides funding to support the operation of the St. Louis Regional Center. The 11 regional centers located throughout the state provide an entry point to an array of community services for persons with developmental disabilities. Individuals determined eligible for services are assigned a case manager who, in partnership with the individual and his or her family, work to identify the needed services and supports.
